About Greyfield

Greyfield Industries Inc. has been manufacturing state-of-the-art communications for more than thirty years. Enjoying tremendous success in the banking industry, hundreds of thousands of Greyfield systems are in service at drive-up installations across the nation and around the world. Our engineering staff also designs sound systems for quick serve industry, pharmaceutical drive-up windows and gasoline service stations.

We have the capability to customize systems for your operation. We also maintain a full-time staff of technicians ready to assist in troubleshooting and equipment installation.
